

Demo Bazaar

Sometimes its great to get a walk through a project or product that's new to you. And, its great to be able to share a project or product demo with people who are interested! That's why we're setting up a virtual tent for the Demo Bazaar. We'll post a schedule where you can sign up for a time to demo. The Bazaar will be open on Tuesday and Wednesday from 9:00am-11:00pm and on Thursday from 9:00am-4:00pm. To demo, all you'll need is a timeslot and your laptop - be sure to sign up early so EclipseCon participants can plan to attend your demo!
