Conference Description

EclipseCon Europe (ECE) is the Eclipse Foundation’s premier European event, where the European Eclipse ecosystem learns, explores, shares, and collaborates.

- Three days of sessions, including hands-on tutorials and keynotes
- Talks on today’s current topics, including modeling, ALM, M2M, Web, and more
- Presentations that show Eclipse-based solutions for finance, aerospace, automotive, and more
- Exceptional networking opportunities with speakers, project leaders, sponsors, and community leaders

Attendee Profile

Here’s who you will see at EclipseCon Europe:

- Attendees from 25+ countries -- 90% from Europe
- Highly skilled software developers and architects
- Managers and executives of developer, product, and marketing groups
- Academic and industry researchers
- Companies that build products based on Eclipse, or use Eclipse tools to build solutions
- Organizations that sell training and services for Eclipse and Eclipse-based products

Keynote Speakers

Fun

After the evening receptions (with the focus on networking), it’s time for entertainment - with the focus on fun!

- On Tuesday, it’s workshops on circus skills and a performance by Circus Rambazotti.
- On Wednesday, Club ECE’s main attraction is our house band, Cool Down.
